MITIGATE RISK | REDUCE COST | ENABLE GROWTH

SimCorp is a leading provider of software solutions for the financial industry. We work together to reach a common goal: to help our clients succeed by providing a strong, scalable IT platform that enables growth, while mitigating risk and reducing cost. At SimCorp, we value commitment and enable you to make the most of your ambitions and potential.

INTERNATIONAL WORKING ENVIRONMENT

Counting more than 1,100 colleagues in 17 countries on four continents, you will find a truly international atmosphere here. With close to 30 different nationalities in SimCorp, you have ample opportunity for learning and sharing ideas and knowledge across multiple backgrounds and cultures.

Ensuring the free flow of knowledge and experience between our subsidiaries, the chances of both long- and short-term assignments to other parts of the world are many. So, if you are looking for an international career in finance and IT, SimCorp offers several possibilities.

PERSONAL AND PROFESSIONAL GROWTH

Our core competences are in economics, finance and IT, and we are particularly interested in hearing from people with a university or business degree, preferably with post-graduate experience in finance, economics, mathematics, physics, computer science or engineering.

Our know-how is the strategic foundation of our business activities. Our clients include financial institutions, asset managers, insurance companies, pension funds, mutual funds, banks and mortgage lenders, who all rely on our ability to constantly be on the cutting edge of the financial industry. In fact, our success is completely dependent on our employees' skills, so we are highly motivated for developing our colleagues' knowledge. We offer an extensive in-house training programme, which aims to efficiently translate general knowledge into professional skills.

SIMCORP WORKPLACE VISION

SimCorp wants to be recognised as a professional environment placing high demands on our employees – in reward we provide our employees with a challenging workplace with extended opportunities for learning and developing personal and professional skills.

DIALOGUE AND EMPOWERMENT

The SimCorp employment experience is marked by dialogue, empowerment and fast decision-making. Reporting lines are clear, thus action is not bogged down in bureaucracy. We believe in solving work-related challenges together, and you will find that both management and colleagues are very receptive to suggestions and new ideas. Respect for the individuality of colleagues and the ability to be a team player are therefore crucial when it comes to working at SimCorp.

We also believe that a friendly, informal working environment brings out the best in people. Therefore, we nurture not only your abilities but also your aspirations, as we believe this approach will help you, our clients and our business grow in the right direction.

FACTS

Founded in 1971, SimCorp has almost 40 years of experience developing software solutions for the financial industry – and we continue to grow.

Our corporate headquarters are in Copenhagen, where we are also listed on the stock exchange.

SimCorp is a decidedly dynamic organisation and more than 80% of our employees hold an academic degree, primarily in finance or computer science.

CORPORATE VALUES

When we say that “We are determined, enthusiastic and perform with integrity – together”, we actually mean it. It is our value statement, and it is based on our employees’ own words and views on SimCorp. You will find that this approach saturates our company, from east to west, from cellar to attic.
